Jack-O-Lantern Graphing

5 friends plan to carve jack-o-lanterns for Halloween. They each bought a pumpkin to carve. Use the graph below to answer the questions. Show your work.

1. How much does Christy's pumpkin weigh?

5. How many pounds do the pumpkins weigh all together?

2. How many more pounds does Kate's pumpkin weigh than Trevor's?

6. Brandon wanted a pumpkin that weighed 20 pounds. How many pounds lighter is the pumpkin Brandon got?

3. Whose pumpkin weighs the least? How much does it weigh?

4. What kind of graph is on this page?
