# Number Forms Battle

How to play: To claim a square, rewrite the out each number in words. For example, if the printed number is 146, write "one hundred forty six." Be the first player to get 4 in a row, and you win the battle!

165	211	829	63
81	98	6432	9087
57	31	2372	761
451	324	924	75
