Mental Math Puzzle B

Cut out the strips below. See if you can put the strips in the correct order so that when you read them left to right, top to bottom, they make true math statements. For example, if one strip says "3 less than 10," the next strip below it should start with "7." Good luck!

Start	10 less than 42
32	5 more than 16
21	14 more than 0
14	Half of 22
