MENTAL MATH PUZZLE C

Cut out the strips below. See if you can put the strips in the correct order so that when you read them left to right, top to bottom, they make true math statements. For example, if one strip says "3 less than 10," the next strip below it should start with "7." Good luck!

START	10 groups of 4
40	5 more than 16
21	14 less than 20
6	20 divided by 2
10	3 multiplied by 5
15	16 divided by 4
4	6 more than 12
8	**FINISH**
